OVERSEER'S REPORT

According to the town books $6104.86 was expended for Town Poor and also $1273.89 for Old Age Assistance, making a total of $7378.75. The department received $1,089.89 from the State and also $419.80 from the Overseer, leaving a total of $5879.06 net expenditure for the Town Poor. There is a balance of cash on hand and wood of $40.17 which has been paid in since the books were closed thus reducing the amount to $5838.49. A number of these cases listed above have since been taken over by the County and it is hoped that there will be less call for assistance in the comnig year. These accounts are audited each month by state auditors and books are open to anyone interested and qualified to see them.

J. F. MULLAVEY, Overseer of Poor

REPORT OF HEALTH OFFICER

February 18, 1938

The general condition of the town of Colebrook for 1937 was above the average. We had no serious epidemic although the ordinary childhood diseases ran about as common. There were two instances during the year where quarantine was necessary, one necessitated by a run of Scarlet Fever and the other by three or four cases of septic sore throat. The sanitary condition of all restaurants was very good and very few complaints came in to my office because of the improper disposal of sewerage and garbage. I would suggest that more time be spent in keeping the dump in proper shape.

Respectfully submitted,

WALTER F. NOYES, M. D.

REPORT OF AUDITORS

February 18, 1938

This is to certify that we have examined the records previously printed in this report and find them correct together with vouchers and receipts and in agreement with the books of the Selectmen and other town officers together with the account now held in the Farmers & Traders National Bank.

VILLA W. HARVEY,
EVELYN N. HENSON,

Auditors.

REMARKS BY SELECTMEN

Generally the estimated appropriations for the year 1937 were fairly close to the actual expenditures with a few exceptions. One of the large over-runs was in the Town Maintenance of Roads. The appropriation for Mr. Gould has usually been 1900.00 and from this it is estimated that nearly $1000.00 of this money is spent in taking care of sewers, catch basins, cleaning the streets, and the dump, thus leaving only about $900.00 to be spent on the remainder of the town roads without any overrun. That is one reason why we, as Selectmen, recommend that the Town Maintenance appropriation be increased $1000.00.

This year we had one of the largest expenses ever in outside fires which means, those outside the precinct on which the town has to pay at the rate of 50c a mile transportation plus the cost of services by firemen and also a small depreciation or loss of equipment charge. It is impossible to estimate with any degree of accuracy how much money to be appropriated, hence the over-run.

A little money was saved on the police appropriation this year but not enough to consider a reduction in the appropriation.

From what we know now the rest of the appropriations will be approximately the same as last year unless an additional amount has to be appropriated for Old Age Assistance because of a recent decision of the attorney general. At present the state pays 75 per cent of the Old Age Assistance now granted less 10 per cent administrative cost but after June 1, 1938 the town may have to take care of all people who have lived in the town continuously from June 1, 1933 to 1938. This will depend upon the Attorney General's final decision.

Relief for the past year over-ran due primarily to the following reasons: 1. The State funds gave out before April last year and later they reduced the percentage from what they had originally intended to give. 2. It

so happened that the hospital bills were much higher than would ordinarily be expected. The county has taken over a number of cases already and we will lose a few more beginning July 1st. Also a small amount of the money expended as shown on the report was for temporary loan and they will be paid back during the summer. We hope to materially reduce the welfare list this coming year.

We have made a drive during the past year to clean up as many of the back taxes due on property as possible, consequently at this time there is less than $1000.00 due the Town, on any and all taxes assessed previous to the year 1937. It is expected that arrangements have been made whereby all taxes previous to last year will be paid during this spring and if this works out the town will not have to take a deed of any piece of property in Colebrook.

This year's report showed a balance of $541.47 uncollected property taxes and $439.00 in uncollected polls. Since that report was made up Mr. Marshall has collected $453.73 in property taxes, and reduced the poll taxes outstanding by a considerable amount.

In the list of real estate valuations to be found in the back of this book there will no doubt be a number of corrections in the coming year, especially on the valuation of the outside district. It was absolutely impossible for the selectmen to go over every piece of land this year due to time and lack of money, consequently the valuation listed for your property is the same as has been carried for the previous years with the additions and deductions in your inventory blank taken into consideration.

It is also suggested that all veterans who claim any service exemption file their new blanks for the coming year in order that their records may be up to date. A list of those on file will be given to the Commander of the American Legion.

The Town Hall is badly in need of a coat of paint and also needs some work done to the foundation but

until we knew just how much money would be raised at Town Meeting we were reluctant to ask for any further sum in the budget.

Tentative arrangements have been made together with the cooperation of the Public Service Company of New Hampshire and the General Electric Company for a different lighting system to be on display for two month this summer, probably the months of July and August. Immediately after Labor Day the lights and fixtures that have been tried out will be discontinued and be replaced by the bulbs and fixtures according to the contract now in force. This will give the townspeople a chance to determine which method of lighting they prefer. There will be no charge for the display unless the town votes to change its contract with the Public Service Company at a later town meeting.
